

NOTICE OF PARTICIPATION IN THE COMPETITIVE PROCUREMENT PROCEDURE

Equipment lot, consisting of: Calcination system – 1 unit, and System for the capture and purification of CO₂ and for food-grade liquid carbon dioxide – 1 unit

SMIS 367573 | 21.09.2026

Applicant and project

VERDE MAGNESIUM SRL, tax identification code (CUI) 41220909, Trade Register no. J40/7350/2019, with its registered office in Bucharest, Sector 5, 21 Vointei Street, module no. 17, ground floor, Romania, acting as a private applicant, launches on 21.09.2026 the competitive procedure for the award of the supply contract related to the project "CONSTRUIRE CAPACITATE FABRICA DE PRODUSE CALCINATE INOVATOARE" ("Construction of Capacity – Innovative Calcined Products Plant"), SMIS code 367573, submitted under the North-West Regional Programme 2021–2027, ERDF, Priority 1, specific objective RSO1.3, call PRNV/2024/132.A.2/1. The procedure is conducted in accordance with Order of the Ministry of European Funds (MFE) no. 1284/2016, as subsequently amended, including Order of the Ministry of European Investments and Projects (MIPE) no. 1143/2026. The financing contract has not been signed at the launch date; the initiation of the procedure does not confirm the granting of the financing.

Subject matter and type of contract

Supply contract for an Equipment lot, consisting of: Calcination system – 1 unit and System for the capture and purification of CO₂ and for food-grade liquid carbon dioxide – 1 unit. The contract includes equipment design, transport to the site, installation assistance and installation supervision, commissioning, performance verification and operator training, within the limits set out in the tender specifications. The tender shall cover both systems and their interfaces, with separate prices for each system.

Place of delivery

Beius Smart Specialisation Industrial Park, Bihor County, Romania, property registered under Land Book (CF) no. 106864.

Contract duration and performance deadlines

The duration of contract performance is determined by the following deadlines: delivery within a maximum of 12 months from signature of the contract; commissioning within 60 calendar days from delivery and from the availability of the site and utilities; equipment warranty of at least 12 months from commissioning and acceptance.

Estimated value and price

Total estimated value: RON 5,557,253.46 excluding VAT, equivalent to EUR 1,116,631.86 or USD 1,211,100.00, at the exchange rates indicated in the tender specifications: EUR 1 = RON 4.9768 and USD 1 = RON 4.5886. The contract price shall be firm, with no adjustment. Tender currency: RON, EUR or USD, under the comparison conditions laid down in the tender specifications.

Obtaining the documentation

The technical specifications – the tender specifications of the procedure, including the forms – may be requested by e-mail at spasula@verdeng.com; cheudens@verdeng.com. The documentation is sent electronically, free of charge, on request, with immediate and unrestricted access for any interested economic operator. The request shall state the name of the economic operator and its contact details, for the purpose of recording the distribution of the documentation and communicating clarifications. Invitations sent directly to potential tenderers are accompanied by the tender specifications.

Clarifications and communication

Contact persons: Claudiu Sorin Pasula | E-mail: spasula@verdeng.com | Telephone: +40 744 550 977; Carole Heudens | E-mail: cheudens@verdeng.com | Telephone: +40 728 413 517. Requests for clarification and procedural communications shall be sent in writing to the e-mail addresses indicated or submitted at the applicant's registered office. Deadline for requesting clarifications: 28.09.2026, 16:00. Deadline for sending the consolidated replies: 29.09.2026, 16:00. Replies are communicated equally to all operators to whom invitations were sent and to those who requested the documentation. Times are Romanian local time, Europe/Bucharest.

Submission of tenders

Deadline for receipt: 12.10.2026, 20:00, Romanian time. Tenders shall be submitted exclusively in physical form, in one signed original copy, on paper, in a sealed envelope, in person, by post or by courier, to VERDE MAGNESIUM SRL, working point: 84 VIRGIL PLESOIANU Street, Apt. 1, Bucharest, Sector 1, postal code 011597, Romania, acting as a private applicant. The date and time of receipt shall count, not those of dispatch. Tenders submitted by e-mail, fax or online platform are not accepted. The envelope shall identify the tenderer and bear the marking "VERDE MAGNESIUM | SMIS 367573 | Calcination and CO₂ | Not to be opened before 12.10.2026, 20:00".

Participation formalities

Participation is open to interested economic operators that are legal entities. The tender and the supporting documents shall be signed by the authorised representative; documents in Romanian or English are accepted, under the conditions of the tender specifications. The tender shall be valid for at least 90 calendar days from the submission deadline. The complete requirements and the forms are included in the procedure documentation.

Selection of the tender and publicity

Tenders are compared against all the requirements communicated, and the tender offering the most advantages for achieving the purpose of the project shall be selected, in accordance with the tender specifications and MFE Order no. 1284/2016. The notice/invitation is published on the same day in the regional online publication www.zcj.ro and on the applicant's website <https://www.verdeng.com/>; invitations accompanied by the documentation are sent on the same day to at least three potential suppliers active on the relevant market.
